

MCDONOUGH CENTER FOR FAMILY DENTISTRY & HIRAM CENTER FOR FAMILY DENTISTRY

Warm, compassionate full-service dental care from a team of caring professionals

AT MCDONOUGH CENTER for Family Dentistry, patient care is top priority. Making sure each patient has a pleasant and relaxing experience during their visit is of utmost importance to the welcoming and highly trained team of doctors and staff. Their entire philosophy and office environment has been designed with patient comfort and convenience in mind.

Dental visits can make many patients nervous, and the McDonough Center for Family Dentistry team strives to make visits as stress-free as possible. Offices are designed with warm, soothing color schemes, along with modern, state-of-the-art diagnostic equipment. Flat screen HD TVs are on the wall and ceiling of every exam room, allowing patients to watch satellite TV before and during procedures, as well as view detailed images of their X-rays. Headphones and warm blankets are provided to make patients feel more at ease during their visits. Patients also have access to a variety of sedation options, including complimentary laughing gas.

Offices are equipped with the very latest technology and sterilization techniques. In addition, patients have access to comprehensive online services that allow them to schedule and change appointments, view their bill and make payments and communicate with their doctors, all from the convenience of their home computers.

All of the same trusted doctors can now also be seen at the practice's new location in Hiram. Hiram Center for Family Dentistry gives patients access to another convenient location with the same doctors and commitment to care.

Get to know your dentist...

AT MCDONOUGH CENTER FOR FAMILY DENTISTRY, patients have the option of choosing from eight highly trained, caring doctors, all with the same tireless commitment to patient care and comfort. All doctors rotate through both the McDonough and the Hiram locations, making them easily accessible to patients in both areas.

The team of dentists at McDonough Center for Family dentistry offer patients a full spectrum of dental care under one roof. With dentists specializing in general and cosmetic dentistry, oral surgery and orthodontics, patients can experience one-stop dental care for everyone in the family.
